The Future of
WORK

There are over 2 billion literate, mobile phone subscribers in the developing world, many living on less than \$5 a day.

Corporations pay people to accomplish billions of image, audio and text-based tasks.

txteagle enables these tasks to be completed via the mobile phone by people around the globe.

For clients:

txteagle connects corporate clients to the world's largest knowledge labor market: the 2+ billion literate mobile phone users distributed throughout the developing world.

For users:

txteagle enables mobile phone subscribers around the world to earn small amounts of money or airtime in exchange for work.

For service providers:

txteagle provides its mobile operator partners with a unique value proposition, giving their subscribers the ability to do work and earn money.
